Mila verschafft Ihren Schuhen einen respektvollen Platz. Der Kontrast von Holz und Metall, aber auch die einzigartige Formensprache sorgen dafür, dass dieses exklusive Anlehn-Schuhregal nichts zu verstecken hat.

As well as its clever design the MILA console also has a clever function. As the shoes sit on the shoe rack their inside is not visible. The white top can be used as a shelf for small items. This leaning console does not need to be attached to a wall.
